For: Richard John Smith

I am from an Afro-Caribbean ethnic background and have been blessed with having Mr Richard John Smith as a tutor.

He has been tutoring me since January 2007 and he has helped me successfully pass two degrees in Social Policy.

This was done through the careful application of essay planning and writing skills. Mr Smith is thorough when going through corrections.

He has recently assisted me in my career path by helping me conduct a CV and helping me with my interviewing technique.

I would strongly recommend Mr Smith as a tutor, as he is very organised, helpful and pays great attention to detail. If you invest in this man, you will not be disappointed.

Good Luck!

Cassandra
